MEMORANDUM FOR: Chief, Legislative Liaison Division/OEXA  
FROM: Executive Assistant to the DDCI  
SUBJECT: Briefings for Congressmen Traveling to  
Denied Areas

A belated follow-up on the questions raised by Congressman Fowler on providing defensive briefings to Congressmen going to the Soviet Union or other denied areas. As long as we brief Congressmen on our Committees, we are in good shape. You should remind the Sergeant at Arms or whoever is responsible, however, that he should advise other Congressmen of CI concerns in the Soviet Union. If any other Congressmen ask, we should willingly provide them defensive briefings. The ball would be in their court, however, to ask.
